Cash and cash equivalents at the end of the period	2.648.970,40	2.639.399,84

Accompanying notes are an integral part of these interim financial statements

5. Notes to the interim financial statements for the period from January the 1st to 31st of March 2014

5.1 General Information

The interim financial statements for the period January 1st to September 31st, 2014 include the financial statements of PAPERPACK SA (hereinafter the "Company") .

PAPERPACK SA was founded in 1996, derived from the merger of corporate interests of Mr. John Tsoukaridis. It is a Societe Anonyme registered in Greece with registration number 35197/06/V/96/101 and General Register Number 004465901000 .

The headquarters are located in the Municipality of Kifissia, Attica , on 24 Viltanioti Menexedon street, PC 145 64 .

Company's website is www.paperpack.gr. The interim financial statements for the period from 1/1 to 31/03/2014 were approved by the Board on 21/5/2014 .

5.2 Nature of activities

PAPERPACK SA's activity is printing and carton box manufacturing, supplying mainly industrial units of cartons printed on the packaging to promote products such as cosmetics, food, drinks, cigarettes, drugs and detergents.

In particular, it operates a fully integrated plant in which take place the design, printing and production of documents and boxes with specific quality requirements. Special offset machines are used during printing process. These activities refer to the Carton Packaging segment.

According to the bulletin of the Statistical Classification of Economic Activities 2003 of the National Statistical Service of Greece (NSSG) , company's principal activity falls under the category of firms in " Manufacture of corrugated paper and paperboard and packaging of paper and cardboard" (NACE Rev. 212.1) .

Additionally, through the merger of PROMOCARTON SA, the company has been expanded its activity and trade paper propellants (sector propellants), as displays, stands, etc. , so penetrating and commercial customers with a portfolio of primarily consumer products.

These activities belong to promotional materials segment .

The principal activities of the company have not been changed from last year .

5.3 Basis of preparation of financial statements

The accompanying interim financial statements PAPERPACK SA covering the period from 1 January 2013 to 31st March 2014 , and the corresponding comparative statements of 2013 have been prepared under the historical cost convention, as modified by the revaluation of certain assets and liabilities at current values, the ongoing business (going concern) and comply with International Financial Reporting Standards (IFRS) as issued by the International Accounting Standards Board (IASB), and their interpretations , as issued by the Financial Reporting Interpretations Committee (IFRIC) of IASB as adopted by the European Union. Specifically these statements comply with IAS 34 Interim Financial Reporting .

The interim financial statements do not include all information and disclosures required in the annual financial statements and should be read in conjunction with the financial statements of December 31, 2013 .

5.3.1 Basic accounting principles

The accounting principles applied in the preparation of the financial statements are consistent with those followed in the annual financial statements for the year ended December 31, 2013 .

In the current period is the first time that are being applied the following Standards and Interpretations:

Standards and Interpretations compulsory for the fiscal year 2014

Interim financial statements for the period
1st January 2014-31st March 2014
Amounts in euro

New standards, amendments of published standards and interpretations mandatory for accounting periods beginning on 1st January 2014. The Group's assessment of the impact of these new and amended standards and interpretations is set out below.

IAS 32 (Amendment) "Financial Instruments: Presentation" (COMMISSION REGULATION (EC) No.1256/2012 of 13th December 2012, L 360 29/12/2012)

This applies to annual accounting periods starting on or after 1st January 2014. The amendment clarifies the assets and liabilities offsetting criteria in order to address inconsistencies in current practice. This amendment does not affect Group financial statements.

IFRS 10 "Consolidated Financial Statements" (COMMISSION REGULATION (EC) No.1254/2012 of 11th December 2012, L 360 -29/12/2012)

According to EU, this applies to annual accounting periods starting at the latest on or after 1st January 2014. Earlier application is permitted.

In May 2011 the IASB issued IFRS 10 "Consolidated Financial Statements". IFRS 10 establishes principles for the presentation and preparation of consolidated financial statements when an entity controls one or more other entities. IFRS 10 replaces the consolidation requirements in IAS 27 "Consolidated and Separate Financial Statements" and in SIC-12 "Consolidation—Special Purpose Entities". IFRS 10 builds

on existing principles by identifying the concept of control as the determining factor in whether an entity should be included within the consolidated financial statements of the parent company. The standard provides additional guidance to assist in the determination of control where this is difficult to assess. The Group implemented IFRS 10 on 1st January 2014, with no impact on the consolidation of investments held by the Group.

IFRS 11 "Joint Arrangements" (COMMISSION REGULATION (EC) No.1254/2012 of 11th December 2012, L 360 -29/12/2012)

According to EU, this applies to annual accounting periods starting at the latest on or after 1st January 2014. Earlier application is permitted. In May 2011 the IASB issued IFRS 11 "Joint Arrangements". IFRS 11 replaces IAS 31 "Interests in Joint Ventures" and SIC-13 "Jointly Controlled Entities—Non - Monetary Contributions by Venturers". IFRS 11 "Joint Arrangements" provides for a more realistic reflection of joint arrangements by focusing on the rights and obligations of the arrangement, rather than its legal form (as is currently the case). The standard addresses inconsistencies in the reporting of joint arrangements by requiring a single method (equity method) to account for interests in jointly controlled entities. The Group implemented IFRS 11 on 1st January 2014, changing the consolidation method for jointly controlled entities from proportionate to equity method.

IFRS 12 "Disclosure of Interests in Other Entities" (COMMISSION REGULATION (EC) No.1254/2012 of 11th December 2012, L 360 -29/12/2012)

According to EU, this applies to annual accounting periods starting at the latest on or after 1st January 2014. Earlier application is permitted. In May 2011 the IASB issued IFRS 12 "Disclosure of Interests in Other Entities". IFRS 12 is a new and comprehensive standard on disclosure requirements for all forms of interests in other entities, including subsidiaries, joint arrangements, associates and unconsolidated structured entities. The Group implemented IFRS 12 on 1st January 2014.

IFRS10, IFRS11 & IFRS12 (amendments) "Transition Guidance" (COMMISSION REGULATION (EC) No. 313/2013 of 4th April 2013, L95/9 05.04.2013)

According to EU, this applies to annual accounting periods starting at the latest on or after 1st January 2014. Earlier application is permitted. In June 2012 the IASB issued additional transition relief in IFRS 10 "Consolidated Financial Statements", IFRS 11 "Joint Arrangements" and IFRS 12 "Disclosure of Interests in Other Entities" limiting the requirement to provide adjusted comparative information. The amendments explain that the 'date of initial application' in IFRS 10 means 'the beginning of the annual reporting period in which IFRS 10 is applied for the first time'. Consequently, an entity is not required to make adjustments to the previous accounting for its involvement with entities if the consolidation conclusion reached at the date of initial

application is the same when applying IAS 27 "Consolidated and Separate Financial Statements" and SIC-12 "Consolidation—Special Purpose Entities" and when applying IFRS 10. As a result, the IASB confirms that relief from retrospective application of IFRS 10 would also apply to an investor's interests in investees that were disposed of during a comparative period in such a way that consolidation would not occur in accordance with either IAS 27/SIC-12 or IFRS 10 at the date of initial application. The amendments also clarify how an investor shall adjust comparative period(s) retrospectively if the consolidation conclusion reached at the date of initial application is different when applying IFRS 10

Interim financial statements for the period
1st January 2014-31st March 2014
Amounts in euro

when compared with applying IAS 27/SIC-12. Additional transition relief is provided by limiting the requirement to present adjusted

comparative information to the period immediately preceding the date of initial application (the 'immediately preceding period'). Presentation of adjusted comparatives for earlier periods is permitted but not required. The IASB has also amended IFRS 11 "Joint Arrangements" and IFRS 12 "Disclosure of Interests in Other Entities" to provide similar relief from the presentation or adjustment of comparative information for periods prior to the immediately preceding period. IFRS 12 is further amended to provide additional transition relief by eliminating the requirement to present comparatives for the disclosures relating to unconsolidated structured entities for any period before the first annual period for which IFRS 12 is applied. The Group implemented these amendments on 1st January 2014.

IAS 27 (amendment) "Separate Financial Statements" (COMMISSION REGULATION (EC) No.1254/2012 of 11th December 2012, L 360 - 29/12/2012)

According to EU, this applies to annual accounting periods starting at the latest on or after 1st January 2014. Earlier application is permitted. In May 2011, when the IASB issued IFRS 10 "Consolidated Financial Statements", IFRS 11 "Joint Arrangements" and IFRS 12 "Disclosure of Interests in Other Entities" also amended IAS 27 that now contains the accounting and disclosure requirements for investments in subsidiaries, joint ventures and associates when an entity prepares separate financial statements. The Standard requires an entity preparing separate financial statements to account for those investments at cost or in accordance with IFRS 9 "Financial Instruments". The Group implemented IAS 27 on 1st January 2014.

IAS 28 (amendment) "Investments in Associates and Joint Ventures" (COMMISSION REGULATION (EC) No.1254/2012 of 11th December 2012, L 360 -29/12/2012)

According to EU, this applies to annual accounting periods starting at the latest on or after 1st January 2014. Earlier application is permitted. In May 2011, when the IASB issued IFRS 10 "Consolidated Financial Statements", IFRS 11 "Joint Arrangements" and IFRS 12 "Disclosure of Interests in Other Entities" also amended IAS 28 that now contains the accounting for investments in associates and sets out the requirements for the application of the equity method when accounting for investments in associates and joint ventures. The Group implemented IAS 28 on 1st January 2014.

IFRS10, IFRS12 & IAS27 (amendments) "Investment Entities" (COMMISSION REGULATION (EC) No.1174/2013 of 20th November 2013, L 312 -21/11/2013)

This applies to annual accounting periods starting on or after 1st January 2014. Earlier application is permitted. In October 2012 the IASB issued additional transition amendments in IFRS 10 "Consolidated Financial Statements", IFRS 12 "Disclosure of Interests in Other Entities" and IAS 27 "Separate Financial Statements". The amendments define an investment entity and introduce an exception to consolidating particular subsidiaries for investment entities. These amendments require an investment entity to measure those subsidiaries at fair value through profit or loss in accordance with IFRS 9 Financial Instruments in its consolidated and separate financial statements. The amendments also introduce new disclosure requirements for investment entities in IFRS 12 and IAS 27 for investment entities. This amendment does not affect Group financial statements.

IAS 36 (amendment) "Impairment of Assets" (COMMISSION REGULATION (EC) No.1374/2013 of 19th December 2013, L 346 - 20/12/2013)

This applies to annual accounting periods starting on or after 1st January 2014. Earlier application is permitted when the entity has already applied IFRS 13. In May 2013 the IASB issued amendments in IAS 36 "Impairment of Assets" to require disclosures about

the recoverable amount of impaired assets. The amendments clarify the IASB's original intention that the scope of those disclosures is limited to the recoverable amount of impaired assets that is based on fair value less costs of disposal. This amendment does not affect Group financial statements.

IAS 39 (amendment) "Financial Instruments: Recognition & Measurement" (COMMISSION REGULATION (EC) No.1375/2013 of 19th December 2013, L 346 - 20/12/2013)

This applies to annual accounting periods starting on or after 1st January 2014. Earlier application is permitted. On June 2013 the IASB issued amendments in IAS 39 "Financial Instruments: Recognition & Measurement". The amendments will allow hedge accounting to continue in a situation where a derivative, which has been designated as a hedging instrument, is novated to effect clearing with a central counterparty as a result of laws or regulation, if specific conditions are met (in this context, a novation indicates that parties to a contract agree to replace their original counterparty with a new one). This amendment does not affect Group financial statements.

IFRIC 21 "Levies"

Interim financial statements for the period
1st January 2014-31st March 2014
Amounts in euro

This applies to annual accounting periods starting on or after 1st January 2014. Earlier application is permitted. On May 2013 the IASB issued IFRIC 21 "Levies". The Interpretation describes how an entity should account for liabilities to pay levies imposed by governments, other than income taxes, in its financial statements. The principal question raised was about when the entity should recognise a liability to pay a levy. This is an interpretation of IAS 37 Provisions, Contingent Liabilities and Contingent Assets. IAS 37 sets out criteria for the recognition of a liability, one of which is the requirement for the entity to have a present obligation as a result of a past event (known as an obligating event). The Interpretation clarifies that the obligating event that gives rise to a liability to pay a levy is the activity described in the relevant legislation that triggers the payment of the levy. The Group does not expect this interpretation to affect its financial statements. This amendment has not yet been endorsed by the European Union.

Standards and Interpretations compulsory after 31 December 2014

The following new standards, amendments and IFRICs have been published but are in effect for the annual fiscal period beginning the 1st of January 2015 and have not been adopted from the Group earlier.

IFRS 9 "Financial Instruments"

This applies to annual accounting periods starting on or after 1st January 2015. Earlier application is permitted. The IASB intends to ultimately replace IAS 39 in its entirety with IFRS 9, however the replacement will be divided into phases. In November 2009, the IASB issued the chapters of IFRS 9 relating to classification and measurement of financial assets. In October 2010, the IASB added the requirements related to the classification and measurement of financial liabilities and decided to carry forward unchanged from IAS 19 the requirements related to the derecognition of financial assets and financial liabilities to IFRS 9. In November 2013, the IASB added to IFRS9 the requirements related to hedge accounting. In next phase of the project the new requirements related to impairment of financial instruments will be added. The Group is in the process of evaluating the effect of IFRS 9 on its financial statements. IFRS 9 has not been endorsed yet by the European Union and cannot, therefore, be implemented earlier by the Group. Only when it has been endorsed will the Group decide whether or not it will implement IFRS 9 before 1st January 2015.

IFRS 7 (Amendment) "Financial Instruments: Disclosures"

This applies to annual accounting periods starting on or after 1st January 2015. Earlier application is permitted. On 16.12.2011, the IASB issued an amendment in IFRS7, adding in the Standard disclosures related to the transition to IFRS 9. The amendment has not yet been endorsed by the European Union. The Group is in the process of evaluating the effect of the amendment on its financial statements.

IAS 19 (amendment) "Employee Benefits"

This applies to annual accounting periods starting on or after 1st July 2014. Earlier application is permitted. In November 2013 the IASB issued narrow scope amendments in IAS 19 "Employee Benefits". The narrow scope amendments apply to contributions from employees or third parties to defined benefit plans. The objective of the amendments is to simplify the accounting for contributions that are independent of the number of years of employee service, for example, employee contributions that are calculated according to a fixed percentage of salary. The Group will assess the impact of the amendment on its financial statements. This amendment has not yet been endorsed by the European Union.

5.4 Seasonality

According to the International Financial Reporting Standards, the activities of the company are not affected by seasonal or cyclical factors.

5.5 Segment reporting

IFRS 8 requires the Company to identify operating segments based on the information provided and communicated to management in allocating resources and assessing performance of the operating segment. The operating segments are managed and monitored by the Board . The operating segments have been aggregated and reported as areas where exhibit similar long-term financial performance and have similar economic characteristics. The Company reports for the following areas: Paper Packaging and Promotional Media.
