

With the development of the ISO 14001: 2015 environmental management system, PAPERPACK SA recognizes its responsibilities and obligations towards the environment and man and is committed to:

- for the continuous improvement of its environmental performance,
- compliance with environmental legislation and compliance obligations
- the prevention of pollution and the protection of the environment
- to comply with all the requirements arising from its licensing and operation.

With the development of the ISO 14001 environmental management system covering:

**DESIGN AND PRODUCTION OF PAPER PACKAGING
BOXES, LEAFLETS, BLISTER CARDS AND PROMOTIONAL SHOWCASE**

the company identifies all the environmental parameters relevant to its activities and develops processes and programs for the continuous improvement of its environmental performance. The company's environmental policy focuses on:

- Saving energy and resources by developing a system for monitoring the consumption of natural resources
- Management of solid waste, giving priority to their separate collection and recycling.
- Implementation services and production of products with reduced environmental impact
- Constant updating of the senior management and staff on environmental issues

The company's environmental policy is published, communicated, implemented and supported by each employee of the company.

The Administration
